1130

8. Officer Name  
Corporal Thomas G. JORDAN

9. Case No.  
5336

10. Officer Rank

*CPL. [Signature]*

11. # of Pages  
4

12. Description  
gave him a shot of O.C. 5 to 6 feet away. It had no effect on him. Corporal drew his ASP and hit him twice. One to the arm and one to the leg. It had no effect. He continued to try to run away. I tried to tackle him and tripped on a snow bank. The suspect start running toward me. I gave him another shot of O.C. His mouth was open and I think I got him in the mouth and eyes. It seemed to stun him a few seconds. He then turned towards Corporal STIPCAK. The Corporal hit him twice with the ASP. One shot got him in the back because he turned into it. I don't know where the other strike hit. It didn't look like it had an effect. We tackled him. We called Towanda Borough Police for back up because the midnighters were on another incident. Officer WERNER From Towanda Borough showed up and helped place the suspect in the shackles and his restraint.

We put him in Car 5 and transported him to the hospital for evaluation. The doctor cleared him. The suspect said he had no pain or discomfort.

We transported him back to station to add the additional charges. He was passed out at the station. Trooper Timothy P. YOUNG and I then transported him to jail. We dropped him off with their Emergency Response Team and returned to station.

The lab results from the suspect's blood showed that he was at 0.77 H for Amphetamines. That is considered extremely high.

*unconscious in barracks  
10-15 minutes after release  
from Hospital*

13. I, Tpr. Andrew J. BURIAN, verify that I was given the opportunity to review the above information and that I was allowed to make any corrections or clarifications.
